

AGRI-DOSTH · किसानों का दोस्त

Agri-Dosth is live — try it now! 🌱

Your AI farming friend. Ask about crops, soil, pests or plant health in any language — and send a photo of a sick plant for a diagnosis. It remembers you between visits.

Scan to open on your phone

Point your camera at the code, or type the link into any browser:

<http://187.127.166.193:8090>

Works on any phone or computer — no app to install.

What you can do

Ask anything about farming

Crops, soil, pests, watering, seasons — in Hindi, English, Telugu, or your language.

Send a plant photo

Upload a picture of a sick crop and get a diagnosis with practical next steps.

It remembers you **NEW**

Tell it your name & area once — next time it greets you by name and tailors advice.

Save your advice **NEW**

Keep a copy of any chat to read again, and start fresh chats anytime.

How to test it — 3 easy steps

- 1 Open it** — scan the QR above or visit the link. On first visit, fill the short form (name; area & phone are optional).
- 2 Ask a real question** — e.g. "My tomato leaves are turning yellow, what should I do?" — or send a photo of the plant.
- 3 Come back later** — reopen the link; it should welcome you by name. Tap ⚙️ anytime to edit or delete your details.

What's live

● Web chat — live now, test it today

● WhatsApp 1:1 — coming soon

● WhatsApp groups — coming soon

Agri-Dosth is an AI helper, here to guide you. For exact pesticide or chemical doses, always confirm with your local KVK (Krishi Vigyan Kendra) or agriculture officer. Your details are stored only to help you better — tap  in the app to delete them anytime.
